

## AVB Ship Management

**AVB Ship Management GmbH & Co. KG** is a technical ship manager based in Hamburg/Germany, with focus on modern bulkcarriers. Together we continuously strive to supply efficient and high-quality ship management services to our customers. We are managing a very modern fleet of bulkcarriers and we have 18 Newbuildings under construction.

We are looking for a

### **Purchaser (m/f/d)**

to join our team in **Hamburg**.

#### **Your responsibilities include:**

- Purchasing spare parts and stores worldwide in cooperation with the technical department
- Planning of international freights and delivery follow up
- Coordination of on-board deliveries
- Working with internal Purchase & Planned Maintenance Software, as well as MS Office
- Daily contact with vessel's crew and international suppliers
- Budget control in cooperation with vessels' superintendents
- Invoice handling

#### **You are a perfect fit if...**

- You completed an apprenticeship in shipping or another commercial sector
- You have proficient knowledge of written and spoken English
- You have a good work organization, strong team spirit and a high degree of reliability and loyalty
- you have a high proficiency of the MS Office package
- you hold an EU working entitlement

#### **We offer:**

- 30 days holiday
- A bicycle leasing model
- Very good transport connections and a subsidized public transport ticket
- An open, modern and cooperative working atmosphere in a growing company
- Partial working from home

#### **Welcome!**

If you want to face new challenges with us, please send us your documents including salary expectations and earliest possible starting date. We look forward to receiving your application.
